TIN RX PHARMACY IS OFFICIALLY OPEN AT THE TOWER

TURLOCK, CALIFORNIA. (OCTOBER 26, 2020) -

TIN Rx, an independent, stigma-free pharmacy™, is pleased to announce the opening of its new store, in Turlock, CA at Tower Health & Wellness Center. We are located in building 2 of the Tower Health & Wellness Center, 1801 Colorado Avenue, Suite 300, Turlock, CA 95382.

TIN Rx was founded by Dr. Christina Garcia who's business and pharmaceutical expertise combined with her passion for community support and care have created a truly unique experience for patients. Technology is at the forefront of the TIN Rx patient experience, as the pharmacy is utilizing some of the industry's most advanced technology.

"TIN Rx is unlike any other pharmacy experience, as the Pharmacy itself is brightly lit and filled with an atmosphere of wellness, along with an experienced and attentive staff ready to have real conversations with patients about their prescriptions healthcare needs," says Dr. Garcia. "In addition to the pharmacy's atmosphere and expert staff, TIN Rx also offers advanced technology and subscription boxes to give patients the time and convenience they deserve." Building on convenience and individual needs for patients, TIN Rx offers synchronization of all medication filled on the same day, every month, inside discreet packaging that is customized to each individual patient.

THE TOWER TIMES

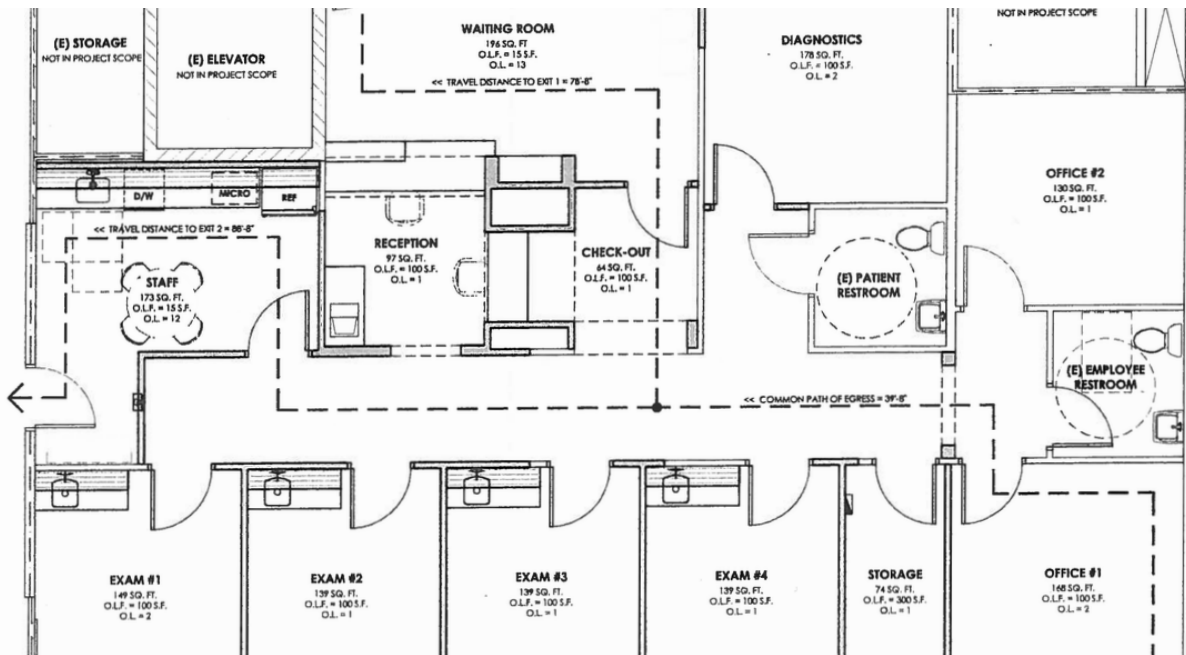

TIN Rx is also excited to share with the community the launch of our One Card generic program. One Card, one price. Thousands of customers pay less at TIN Rx with our One Card generic program. Many of our customers have insurance however, they bypass it because our cash prices are cheaper. Just because you have insurance, doesn't mean you have to use it. *See Page 5 for more information on the One Card generic program.*

Medical Suite 240 Available Soon!

We are seeking a tenant that will round out the comprehensive health and wellness offerings in the Tower. If you know of a prospective tenant, please contact Michelle (Tower Marketing) (209) 216-3400 or let us know so we may reach out.

Flyers are available in the Tower Administration Office, Suite 290 (directly above Toscana's)

THE TOWER TIMES

Why Choose a Surgery Center?

Tower Health and Wellness Surgery Center, is a local leader in the national trend towards surgical procedures migrating out of hospital operating rooms into surgery centers. This kind of care can be a good decision for patients due to some of the advantages listed below:

- **Low Infection Rates.** Tower Health and Wellness Surgery Center has an infection rate of less than 1%, while hospitals can have infection rates of up to 10% or more.
- **Efficiency.** Turn-around time between surgeries is as much as three times faster than at hospitals, which means less waiting for patients.
- **Lower Cost.** Our costs are often much lower than at a hospital or hospital-based facility. A big reason for these lower costs is that surgery centers like ours are much more economical for Medicare and other insurers. We also have many of our procedures bundled into a package that includes all surgeon, anesthesia and, in many cases, post-operative rehab costs. This is especially attractive to private pay patients, or individuals enrolled in health care sharing ministries.
- **Dependable.** Scheduled surgery times are not likely to be delayed or bumped by non-related emergencies, as they may be at hospitals.
- **Family-friendly.** Children and families are treated with the utmost care. When a child is scheduled for surgery, parents are encouraged to be present as much as possible before and after surgery. We encourage a parent to accompany their child into the operating room until they are asleep, and have them at the bedside in the recovery room when they wake up.
- **Comfortable.** Patients and their families can relax in a pleasant environment, far from the emergency and trauma situations one may witness in a hospital.
- **Advanced.** Tower Health and Wellness Surgery Center has invested in the newest high-tech medical equipment such as the Navio robot for total knee replacements and equipment to perform total hip replacements. Patients can be confident in the knowledge that their physicians are able to treat them using the most advanced surgical tools and skills available. This commitment to state-of-the-art equipment helps patients get on their feet faster after surgery and back to their lives.

- **Convenient.** The surgery center often bypasses the hassles of dealing with a hospital. Parking is close to the building and patients are discharged from a private surgery center exit. Tin Rx Pharmacy is located on site making filling post-op prescriptions a breeze.
- **Centrally Located.** We're at 1801 Colorado Ave, close to an ideal location near many physician's offices in the heart of Turlock. We're convenient for both patients and physicians; with accommodations and amenities nearby and easily accessible
- **Personnel.** Our friendly staff offers both immediate, personal service and highly professional care.

It's Your Choice.

If you need a surgical procedure ask your doctor if you can have it done at Tower Surgery Center, or if he/she can refer you to one of the surgeons who operate here.

Tower Surgery Center Welcomes New Managers

Tower Health & Wellness Center and Tower Surgery Center are proud to welcome two new Surgery Center Managers! Robin Ingram, R.N. and Tina Ellefson, R.N. have joined the Tower team as Co-Managers. With a combined 47 years experience in nursing, Robin and Tina came to the Tower Surgery Center for a new adventure in healthcare. Robin has more than 30 years experience as an Operating Room Nurse and Tina more than 17 years in nursing. Robin has two daughters and recently became engaged on Halloween! She enjoys riding her Harley Davidson motorcycle in her free time. Tina is a mother of two as well and loves to read, bake and spend time with family and friends. Both Robin and Tina are excited to be part of the team and are enjoying the family oriented environment that Tower Health & Wellness Center offers. Welcome Robin and Tina!

Tin Rx Pharmacy Introduces the One Card Program

one card generics = savings.

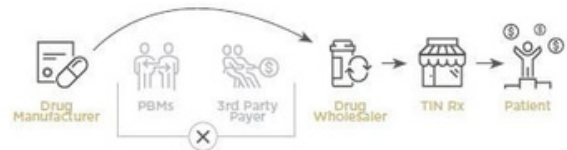

We help every type of patient save where they can, with **One Card**.

UN-INSURED + INSURED + MEDICARE PART-D

By avoiding a co-pay you'll save money. That means you'll save even if you have no insurance. Pay only \$5 for a 30 day supply and \$15 for a 90 day supply of your generic prescription. TIN Rx also offers Medicare cost audits. Stop delays and avoid the coverage gap. Our pharmacists are ready and willing to help.

no middleman,
means direct savings to you.

Ready for One Card? **Start saving!**
