

APRIL 2022

New Quarter...
New Potential

THE TOWER TIMES

Tower Health & Wellness Center News

TOWER HEALTH & WELLNESS CENTER
TODAYS MEDICINE FOR TOMORROWS LIVING

OFF TO A GOOD START

We started the year off with a few events. We invited the community into the Tower in January, to encourage them and show them that we are here for all their 2022 Health & Wellness goals.

Toscana's hosted an Open House event, inviting the community into the beautiful Tower Atrium. It showcased the special occasions that we host here in the Atrium and the delicious catering options! From Bridal Showers, Baby Showers to Weddings and wedding receptions... and all special occasions. Toscana's can make it memorable. Toscana's also hosted Wine Events and even an Irish Whiskey event in March!

TOWER SURGERY CENTER

Tower Surgery Center launched a new website. It has been a long time in the making...and here it is! The website highlights the services that we offer for your surgery needs. Check it out at:

Have you attended a Wine Night at Toscana's?

Well, if you like your grapes in liquid form... mark your calendars! Every 3rd THURSDAY of the month, Toscana's hosts a Wine Tasting Night. It starts at 5:30 pm to 7:30 pm. They have developed great relationships with many of the wineries from all over the Wine Country. Every event highlights a special winery. Featured vineyards have been from the Napa Valley and specific wine from the cellars of Orin Swift, Trefethan and Donati Winery although some nights we may highlight what we have in our special cellar . Don't miss out on

the next Wine Night! www.toscanas.net
Call 209-216-3555 for a reservation! See you at the next one!
